Asheville, NC 28806

Dear Christy,

Your support of Asheville Humane Society provides us with the means to carry out many life-saving programs for animals in our community. One example is our Relocation Program.

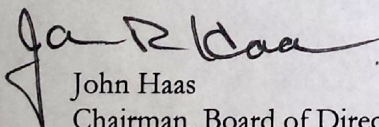

Through this program, animals from our shelter are transported to partner shelters in need of adoptable pets. One of these partner shelters is Lancaster County SPCA in Pennsylvania.

When the van pulls around the corner and into the parking lot, Lancaster County SPCA says it's "just like Christmas morning:" an exciting time for all, people and pets. Our partnership with this shelter has resulted in 185 dog adoptions since September 2014. Every type of dog from puppies to seniors, Chihuahuas to Pit Bulls make the trip. Many of these sweet pups are adopted into loving homes within days of their arrival in Pennsylvania.

Last year alone, Asheville Humane Society's Relocation Program **saved over 900 lives via transport!** Thank you for your most recent gift and please know that it helps support this important program. Because of your help, even more animals from our community are getting the second chance they deserve!

For the Animals,

John Haas
Chairman, Board of Directors

Thank you for your never ending support, we deeply appreciate everything you have done for AHS!
